

ADJUSTABLE LANYARDS

Lanyards are designed to be a link between an attachment anchor point and a harness providing the user with maximum safety. They are manufactured to limit the amount of force transferred to the user's body to 6kN in the event of a fall.

Saferight manufactures a wide range of shock absorbing lanyards which are suitable for use in most situations and can be customised to your requirements

KEY FEATURES

- Limits load to 6kN in the event of a fall
- Built in Energy Absorber
- All models weigh less than 1kg

Code LA
