

# RECOVERY REELS (TYPE III)

Saferight markets and distributes the IKAR range of inertia reels in Australasia. The reels are renowned worldwide for their robust design and engineering excellence.

The IKAR inertia reel works in the same way as a car seat belt with the return spring ensuring that the lifeline is always kept taut and with the braking mechanism responding in the event of a fall.

This lifting device is only intended for rescue purposes. After every use the rescue lifting device must be inspected by an Authorised Person.
